4906-87

22 December 1987

MEMORANDUM FOR: Director, DCI/DDCI Executive Staff

FROM: Executive Assistant/EXDIR

SUBJECT: DCI and DDCI Meetings with Chairman, PFIAB,
December 28 and 29

Jim

1. I understand from Gary Schmitt, PFIAB Staff Director, that Ambassador Armstrong probably will brief the DCI and DDCI on topics that the Board is considering as projects for 1988, one of which probably will have to do with INF. (Speakers for the next PFIAB meeting--on 13-14 January--are heavy on those who have expertise on arms control issues--Perle, Rowny and Nitze.)

2. She probably will also ask about the status of the new "Office of Foreign Mission Security," in particular, how we view the future of that office/activity in light of present budgetary constraints. She may also ask about the status of a Memorandum of Understanding between CIA and the FBI that addresses liaison relationships between the two organizations in the wake of the Howard case.
